

## Warwickshire intervention: Post diagnosis information session for carers of young people with ASD

---

This is available for those people within the Warwickshire area (North/South/Rugby). You **cannot** self-refer for this intervention. Please discuss the possibility of a referral with a professional and they can make a referral to our services using our usual referral forms, requesting this intervention.

---

### How you will learn

This is a parent group session during which the facilitators will present a resource pack of relevant services to provide your family with a varied range of support networks and advice. There may be a short period of time to ask any questions at the end of the session.

### Who will lead the workshop?

One of the clinicians below will run the group:

Abdirahim Mohamed – Assistant Clinical Psychologist (South)  
Michael Sleath – Assistant Clinical Psychologist (North)  
Julie O'Connor – Specialist Assistant Educational Psychologist

### Training for excellence in the NHS

Sometimes we will also have trainees and students observing us in the sessions so they can learn about our work and develop their skills. This is a very important part of their training but if you or the young person would prefer not to have them in a session, please let us know when you arrive for the appointment.

### Childcare

Unfortunately, we are unable to offer any childcare provision.

### How to book

After your referral is accepted, you will be invited to book onto this intervention by calling our admin team on 01789 414 643.
